Elizabeth Green, Director

Mount Holyoke's own radio station, WMTC, has been broadcasting regularly since November, 1941. One of the newest extracurricular activities on campus, the radio session gives students an opportunity for script writing, casting, producing, engineering, and program planning.

in the college studio

Using the Ampex tape recorders/to prepare material for broadcast over the four-college station are Mary Barr '59, Ann Merchant '61, Carol Coonley '60, Professor Roger Holmes, and Professor Nadine Shepardson. Miss Merchant, a trained technician, and Miss Coonley, the station manager, are the only students authorized to run the machines, and Miss Barr is responsible for giving appointments to those who want to use the recorders. Mr. Holmes is the college liason with the four-college station and an adviser for WMHC, and Miss Shepardson, in addition to teaching a radio class, is adviser to the station and supervisor of the use of the recording machines.

## FOR BETTER PICTURES ALWAYS USE KODAK FILM

KODAK VERICHROME FILM is the overwhelming favorite with picture takers. Verichrome is double coated . . . guards against over- and underexposure. You'll get better pictures every time. We always carry your size.

SNAPSHOTS AT NIGHT are now easier than ever to make. You use any camera that loads with the new high-speed film, Kodak Super-XX—even an inexpensive Brownie. And all that's required besides is a couple of inexpensive Photoflood lamps in Kodak Handy Reflectors. Ask us for a copy of the free booklet that tells you everything you need to know for good snapshots at night indoors.

## GIUSTI'S CAMERA SHOP

**477 Pleasant St.**

**HOLYOKE, MASS.**

PATENT NO. 2129705

# Have You Taken?

## PICTURES AT NIGHT

Use the new, faster Kodak Super-XX Film or Kodak Verichrome Film, and Mazda photo lamps. Ask us about them.

## "CLOSE-UP" PICTURES

Portraits can be made with your camera simply by placing a Kodak Portrait Attachment over the regular lens.

## PICTURES OF YOURSELF

If there's a cable release on your camera, you can take your own picture by using a Kodak Self Timer.

# Don't Fail to Order

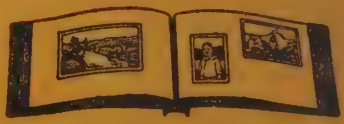
## ADDITIONAL PRINTS

You'll want relatives and friends to share the pleasure of your snapshots. They'll appreciate your gift of extra prints.

## ENLARGEMENTS

Let us enlarge your favorite prints. You'll like our work. And prices are moderate. We'll be glad to show you our samples.

## A PHOTO ALBUM



Only an album can guard your prints against loss and damage. We have many styles in a wide range of prices. Ask to see them.

STUDIO, WMHC. *Pioneers in the campus radio project are (left to right) Talent Scout Phoebe Hopkins '54, Plainfield, N.J.; Director of Musical Programs Marilyn Springer '52, Pittsburgh; Program Director Sheila Sullivan '53, Fulton, N.Y.; Talent Director Narcissa Hargroves '53; Chief Engineer Joan Smith '52, Windsor, Conn. Among the absent keynoters were Station Manager Marianne Lowenfield '52, El Paso, Texas, and Public Relations Manager Carolyn Bell '52, Drexel Hill, Pa.*
